HANDICAP REMINDERS:

Remember to enter your score in the the *Golf Canada* system for all matches played

- if you concede a hole, or otherwise do not finish a hole, record a "most likely score" for that hole, e.g. if you pick up a 20 footer, that is normally 2 strokes
- if the match ends before 13 holes are played, enter a nine hole score
- if the match finishes after 13 holes are played and the round is not completed, enter an 18 hole score taking into consideration your remaining handicap holes
- ensure you are applying *Equitable Stroke Control* (ESC) differentials properly when entering scores
